This matter comes before the Court on "Plaintiffs' Motion to Consolidate" the above-captioned matter with C19-1017RSL, a related action brought by the same plaintiffs, alleging the same asbestos exposure history and harm, and raising the same questions of law and fact. Dkt. # 49. Although the motion was filed only in this cause number, the defendants in C19-1017RSL were timely served with the moving papers. See Dkt. # 49 at 5 n.3. Alfa Laval, Inc., Case No. C19-1017RSL, are consolidated for all purposes. All documents filed in the future regarding these matters shall be filed under cause number C19-0793RSL and bear the caption:
